He served as Commonwealth's Attorney for Appomattox County between 1932 and 1948 and was elected to Congress on February 17, 1948 to fill the vacancy caused by the death of Patrick H. Drewry, who had served the Fourth District for more than 25 years.

While maintaining an active interest in District, state and national affairs, Mr. Abbitt has retained his active role in affairs of his won community. He has served as Deacon and Treasurer of the Liberty Baptist Church, at Appomattox, of which he is an active member. He is also a member of the Board of the Baptist Home at Culpeper. Grey Hesson Honored

AHS Student Commended By Merit Scholarship Corp.-38,000 In USA

Grey Hesson, a senior at Appomattox High School has been honored for his high performance on the National Merit Scholarship Qualifying Test (NMQT) given last spring. Each student who is endorsed by his school receives a formal Letter of Commendation signed by his principal and the president of the National Merit Scholarship Corporation.

John M. Stalnaker, president of the National Merit Scholarship Corporation, said:

"Letters of Commendation are being awarded to 38,000 students throughout the country in recognition of their outstanding performance on the qualifying test. We wish to call attention in this way to their high academic achievement.

"Although they did not reach the status of Semifinalists in the current Merit Program, they are very capable students. The Semifinalists and Commended students together constitute about 2 percent of all high school seniors. This certainly signifies noteworthy accomplishment by all these bright young people.

"We urge the Commended students to make every effort to attend college, and to develop to the fullest their promise of future achievement. By doing so they will benefit both themselves and the nation."

The National Merit Scholarship Corporation gives recognition to two groups of students who achieve high scores on the NMSQT. The Semifinalist group is composed of the highest-scoring students in each state and in U. S. Territories. Some 14,000 Semifinalists take a second examination to establish further their eligibility to become Finalists and to receive consideration for Merit Scholarships.

To increase their opportunities to obtain financial assistance if they need It the Merit Corporation sends the names, home addresses, test scores, and proposed college majors of all commended students to the two colleges they indicated as their first and second choices at the time they took the qualifying test.

The Commended students were among the high school juniors in approximately 17,000 schools who took the NMST last March. The test is a three-hour examination that covers five separate areas of educational development. It was the firt step in the tenth annual Merit Program.
